Office of General Counsel

Suggested legislation to authorize the Federal Bureau of Investigation to expend certain of its appropriated funds for the expenses incident to the reception of official visitors to the Bureau representing law-enforcement agencies of foreign governments.

1. We are forwarding herewith a draft of the subject suggested legislation.

2. As you doubtless are aware, the Federal Bureau of Investigation has no administrative type statute establishing perennial authorities for the expenditure of vouchered funds similar to the Central Intelligence Agency Act of 1949 (Public Law 110, 81st Congress). Accordingly our suggested legislation takes the form of an inclusion in the annual appropriation act for the Bureau. We have followed the outline of the appropriation bill for the Bureau for the fiscal year 1953 (Public Law 495, 82nd Congress). A copy of this bill is attached. The Bureau's appropriation appears on page 9.

3. You will note that the suggested legislation provides for the prescription of regulations by the Attorney-General. Accordingly we have also attached hereto a watered-down version of Agency [REDACTED]. We have deleted and altered language where necessary for security reasons. You may wish to make this version available to the FBI.
